Gmail:kathulaasha@gmail.com   phone No:9705847422

SUMMARY

- A highly motivated and detail-oriented Computer Science graduate with a strong foundation in web development technologies, including HTML, CSS, JavaScript, Recatjs, and databases like MySQL and MongoDB,Python Using Flask. Seeking a Full Stack Developer position where I can apply my skills in both front-end and back-end development, contribute to innovative solutions, and grow in a collaborative team environment. Eager to expand my knowledge and take on new challenges in the tech industry.

WORK EXPERIENCE

leaf Disease prediction   **oct 2024 -dec 2024**

- A Leaf Disease Prediction System is an AI-powered solution designed to identify and predict diseases in plants by analyzing images of their leaves. This system helps farmers, gardeners, and agricultural professionals detect plant diseases early, ensuring timely treatment and reducing crop loss.

Natural language processing (Google Translation)   **Aug 2024 -sep 2024**

- Google Translate is a powerful application of Natural Language Processing (NLP) that facilitates translation between multiple languages. It uses advanced machine learning and NLP techniques to provide accurate, fast, and context-aware translations.

placement website   **jan 2024 -apr20241**

- A placement website is a platform designed to streamline and manage the recruitment process for educational institutions, job seekers, and companies. It bridges the gap between students and recruiters by providing a centralized system to manage placement-related activities.

portfolio Application   **oct 2023**

  - a passionate and creative web developer with expertise in designing and building user-friendly websites and applications. With a strong foundation in HTML, CSS, JavaScript, and React, I bring ideas to life with clean and efficient code.

- Accenture North America Data Analytics and Visualization Job Simulation on Forage - January 2025
- Completed a simulation focused on advising a hypothetical social media client as a Data Analyst at Accenture
- Cleaned, modelled and analyzed 7 datasets to uncover insights into content trends to inform strategic decisions
- Prepared a PowerPoint deck and video presentation to communicate key insights for the client and internal stakeholders

EDUCATION

Bachelor of Computer Science and Engineering   **2022-2026**

  - Swarnandhra College of Engineering and technology.
  - Seetharampuram

Intermediate

  - Aditya Junoir college   **2020-2022**
  - Narsapure

secondary Education   **2020**

  - Z P H School
  - Serepalem

ADDITIONAL INFORMATION

  - **Technical Skills:Python,HTML5,CSS,Javascript,SQL,Reactjs,DataScience,Numpy,pandas,ML.**
  - **Languages:** Telugu,English.
  - **Certifications:** python (edx),frontend(freecodecamp),cisco(cisco),AWS(cisco).
  - **Awards/Activities:** jntu hyderabad Participation workshop AI Days ,Hackthon participation Genzeon company
